

An Invitation To Participate

The Colorado Division of Highways is earnestly soliciting assistance from individuals who are interested in participating in considerations of the design of Interstate 70 through Glenwood Canyon. Space is provided for a statement below.

This image shows a single sheet of cream-colored, lined notebook paper. The paper features approximately 20 evenly spaced horizontal blue or grey ruling lines. There are no margins, text, or other markings on the page. The lighting is even, and the texture of the paper appears slightly grainy.

☐ I want to receive CANYON ECHOS regularly.

☐ I want to participate in the public involvement process.
